

A Season in Motion

Spring semester? Busy doesn't even begin to cover it. From back-to-back events to unforgettable moments, the USF Ambassadors have been on the move nonstop. But if there's one thing about us, it's that we thrive in the excitement. Every event, every connection, every memory made is a reminder of why we do what we do. Through the chaos and the celebrations, one thing remains constant, our passion for USF and for each other!

Spring in Full Swing

From heartfelt farewells to exciting new beginnings, this semester has been nothing short of unforgettable for the USF Ambassadors. Filled with energy, tradition, and standout experiences, our organization has embraced every opportunity to connect, serve, and celebrate what it means to be a Bull.

This semester brought moments of reflection and celebration, from honoring leadership at President Law's Thank You Celebration to giving back through Stampede of Service. These experiences not only strengthened our connection to the university but also to one another, reminding us of the impact we can make both on and off campus. Throughout it all, Ambassadors continued to lead with purpose, balancing tradition with meaningful engagement.

As we look ahead, we are excited to welcome a new class of Ambassadors into our family, carrying forward the values and spirit that define our organization. This is just a glimpse of the memories made this spring – there's much more to come.

President Law's Thank You Celebration

It was a beautiful evening at the USF Health Morsani College of Medicine in downtown Tampa as the USF community gathered to honor President Rhea Law and celebrate her remarkable leadership and dedication to the university. Throughout her time as president, she led with passion, vision, and an unwavering love for USF, leaving a lasting impact on students, alumni, faculty, and the Tampa Bay community alike. Her commitment to the growth and success of the university continues to inspire the Ambassadors and the Bull community as a whole.

President Law's influence can be seen through the university's continued progress and achievements. From helping guide USF into the Association of American Universities (AAU) to supporting the realization of an on-campus football stadium, her leadership helped shape an exciting future for generations of Bulls to come. Her legacy will remain an important part of USF's history, and we are incredibly grateful for all she has done. Thank you, President Law!

Connected by Tradition

The continued support and engagement of our alumni play a vital role in the success of the University of South Florida and the USF Alumni Association. Through their involvement, generosity, and dedication to staying connected, alumni help create opportunities that enrich the student experience and strengthen the Bull community for generations to come.

From supporting scholarships and student programs to making meaningful events and traditions possible, alumni continue to leave a lasting impact across the university. Their commitment allows organizations like the USF Ambassadors to grow, lead, and proudly represent USF throughout the community. We are incredibly grateful for *you*, the alumni, who continue to give back and remain an important part of the USF family!

Paint Your Heart Out

This semester, we partnered with Paint Your Heart Out for a meaningful day of service, helping repaint the home of a veteran living in the Tampa Bay area. Through this long-standing nonprofit initiative, Ambassadors had the opportunity to give back to the community in a hands-on way while supporting an organization dedicated to improving the homes and lives of those in need.

Honoring Our Veterans

Several USF Ambassadors had the opportunity to participate in a meaningful service event hosted by the Student Philanthropy Council (SPC), creating handmade cards for veterans. This simple yet impactful initiative allowed Ambassadors to express gratitude and appreciation for those who have served, while coming together to support a greater cause.

Welcoming Our *Ninth* President

The USF Ambassadors are excited to welcome Dr. Moez Limayem as the Ninth President of the University of South Florida. A passionate and experienced leader with deep ties to both USF and the Tampa Bay community, President Limayem brings a strong vision for the future of our university. Having previously served as the Lynn Pippenger Dean of the Muma College of Business before leading the University of North Florida, his dedication to student success, innovation, and institutional growth has already made a lasting impact across higher education.

President Limayem's enthusiasm for USF and belief in the university's future have already made a strong impression across the Bull community. Since taking office, he has embraced the university with excitement, energy, and a genuine commitment to continuing USF's upward momentum as a nationally recognized institution. His leadership reflects a deep appreciation for student success, academic excellence, and community.

As Ambassadors, we are honored to welcome him into this new chapter of university leadership and look forward to the continued growth and achievements that will shape the future of our great university under his guidance!

TAMPA BAY

USF invades *Gasparilla*!

It was that time of year again in Tampa Bay as the USF Ambassadors brought energy, excitement, and plenty of Bull pride to Gasparilla along beautiful Bayshore Boulevard. From throwing beads to celebrating alongside the community, We proudly represented USF during one of Tampa's most beloved and long-standing traditions. The spirit, enthusiasm, and unforgettable memories shared throughout the day made this year's celebration another exciting chapter in Ambassador tradition.

Beyond the festivities, the day served as another opportunity for us as Ambassadors to connect with one another and enjoy a tradition that has become such a recognizable part of Tampa culture. Try spotting us next year!

USF SARASOTA-MANATEE

Brunch on the Bay

The Ambassadors attended the 31st annual Brunch on the Bay, hosted on the stunning USF Sarasota-Manatee campus. This premier event brings together alumni, community members, and supporters for a day dedicated to celebrating the campus while raising funds for student scholarships. With delicious food from local restaurants, beautiful views, and strong community spirit, it truly was an incredi-Bull day!

Brunch on the Bay continues to be a cherished tradition for the Sarasota-Manatee campus, highlighting the impact of community student success. Ambassadors were proud to be part of an event that not only showcased local businesses, but also helped invest in the future of USF students.

USF x UTampa

The USF Ambassadors had the wonderful opportunity to welcome the University of Tampa's Student Alumni Council (SAC) to our beautiful campus for the Student Alumni Development Summit. This event created an open space for thoughtful conversations centered around leadership, growth, and the continued development of our student organizations. By bringing together student leaders from across campuses, we exchanged ideas, learned from one another's experiences, and strengthened connections within the Tampa Bay collegiate community. This opportunity was incredibly rewarding and served as a reminder of the value of collaboration, community, and shared leadership.

New Year, *New Ambassadors*

As we step into a new year, we proudly continue our legacy by welcoming the best and brightest students that the University of South Florida has to offer. These new Ambassadors represent the future of our organization—driven, passionate, and ready to lead.

A special thank you to President Limayem for joining us during the Presidential Interview process as our university's Ninth President. Your presence made this milestone even more meaningful as we usher in the next generation of Ambassadors!
